Education awakens the power and beauty that lies within us. Education does not only mean academic excellence but also a harmonious and synchronized combination of hand [Intellectual power] and heart [value System]. In the present era of digitalized world, it the biggest challenge before educators and parents, to nature the young minds with the indelible impressions of a holistic education.

I take the opportunity to thank all our stakeholders, especially parents who have unconditionally trusted us and wholeheartedly supported the school. We shall keep working on providing a safe, conducive, and welcoming school environment that will support learning. We as a team will truly encourage positive communication and interaction among students, teachers and the wider community.

With the paradigms of education ever changing, let's take arc of history in our hands and bend it towards betters tomorrow in imaginative and innovative ways.

CELEBRATIONS & ACTIVITIES**Human Rights Day Celebration**

Human rights are extremely important for the overall development of a country and individuals on a personal level. If we take a look at the basic human rights, we see how there are right to life, the right to practice any religion freedom of movement, freedom from movement and more. Each

right plays a major role in the well-being of any human. Further, freedom of movement is helpful in people's mobilization. It ensures no one is restricted from traveling and residing in any state of their choice. It allows you to grab opportunities wherever you wish to.

Most importantly, humans are now free from any form of slavery. No other human being can indulge in slavery and make them their slaves. Further, humans are also free to speak and express their opinion. In short, human rights are very essential for a happy living of human beings. However, these days they are violated endlessly and we need to come together to tackle this issue. The governments and citizens must take efforts to protect each other and progress for the better. In other words, this will ensure happiness and prosperity all over the world.

International Mountain Day Celebration:

International Mountain Day is celebrated annually on December 11 to increase public awareness of the value of mountains to both life and climate. The United Nations General Assembly (UNGA) established International Mountain Day to recognise the importance of mountains. With such widespread support, the United Nations General Assembly proclaimed 2002 to be the "United Nations International Year of Mountains." The group determined that beginning in 2003, December 11 would be designated as World Mountain Day annually.

World Consumer Day Celebration:

Every year on March 15, World Consumer Rights Day is commemorated to safeguard consumer rights and to ensure that customers are not subjected to market exploitation or social injustice that may jeopardize their rights. Meanwhile India celebrates National Consumers Rights Day on 24 December.

World Consumer Rights Day was inspired by President John F Kennedy, who sent a special message to the US Congress on 15th March 1962, in which he formally addressed the issue of consumer rights.

December Newsletter

Kisan Diwas:

Every year, India observes Farmers' Day or Kisan Diwas on December 23. Farmers are the driving force of the country's economy and deserve to be honored. The day also celebrates the birth of the fifth Prime Minister of India, Chaudhary Charan Singh, who started as a farmer before earning his seat in the government. This day aims to promote awareness of the importance of farmers and their valuable contribution to the overall social- and economic development of the nation.

Christmas celebration:

The festival of Christmas that falls every year on the 25th of December is regarded as the biggest festival of Christians. It marks the birthday of Lord Jesus Christ the founder of Christianity. It is celebrated

with great enthusiasm and joy in the whole world. The festival of Christmas is most awaited by children. The love celebrating the festival of Christmas because they eagerly wait for the gifts given by the Santa clause. The festival of Christmas doubles the happiness of the winter season in India.

STUDENTS TALK

T. A. Dharshyanth

I was glad to be a student that our Vidhya Nikethan Intel Public School has given mutual importance for our Education and our talents to show others. Our school has appointed many skill-based teachers. The Teachers are kind and they teach the lesson humbly. They also teach the proper way of studying which makes our students to score more marks. The Non-Teaching staff are also doing their work perfectly. The campus of my school is very clean. The play ground at my school is huge and we play a lot of sports there. Every student who comes here receives a good education. The clean and positive atmosphere of our school inspires us to study. My school principal is so humble that we can easily talk to her and we never hesitate if we have to discuss something. I love to go to my school. I am studying here from 6th grade. My school aims for producing educated well – mannered and productive citizens for the nation.

PARENT'S TALK

R. Ramya

My child enjoy the learning environment at school, where they are encouraging to be independent and take ownership of the work they enjoy classes going on field trips and planning and preparing for school event. My child is usually very eager to go to school. The school atmosphere and the friendly teachers are able to understand the various aspects of life I think my child has the mind set and the skill to face the challenges of the new future, the teaching methods and the excellent communication and relationship between the teachers and students, this type of learning makes more confidence and they are very ready to face the world. I am grateful to the school for the fascinating atmosphere of the school campus and the quality time the teachers provide to our children in and out of the classrooms. I believe that the school in addition to improving the academic standard of the students will also focus on creating a generation that will be bold enough to face the challenges in life.

TEACHER'S TALK

Teacher Vision, we are invested in supporting teachers so that they can, in turn, help their students. So, we were naturally curious about what new challenges they might have faced in these years after of the pandemic and what they will be facing in future school years to come. I am very glad to be a part of Vidhya Nikethan Intel public school as science and social science teacher.

Teacher Vision, we are invested in supporting teachers so that they can, in turn, help their students. So, we were naturally curious about what new challenges they might have faced in these years after of the pandemic and what they will be facing in future school years to come. I always try to involve students in the assessment process. Involving students in the assessment process is a key way of helping them to manage and take ownership of their learning, as well as think about what they have achieved and plan ahead. With the guidance of our management and support, we promise to work with sincerity and dignity and to provide our students with the best learning environment that promotes effective learning.
