"Self belief and hard work will always earn you success"

My dear Class X, XI & XII students,

With this message, I would like to extend my best wishes to all the students who are appearing for board examination this year. I have no doubt that you all are very hard working and talented and I am very confident that your determination and talent will help you to achieve success in your forthcoming examination.

My dear students, remember, examinations are a test of progress and if, for whatever reasons so far, you did not score good marks in terminal exams, you can still excel at your board examination. All you need to do is keep on trying with confidence and dedication. At the same time, I would also like to urge every student to not only study hard during the exam period, but also to look after oneself. My advice you to plan your time carefully and take enough rest so that you can concentrate well while you are studying and writing your exams. I truly understand that exams bring their own stresses, so if you feel stressed or anxious, remember you are not alone. We all are with you and you are always welcome to share your concerns or anxieties to your teacher or even to me.

I would like to restate here the beginning quote that belief in yourself my dear students and give in your best efforts and you will certainly be succeeded. I wish and pray May you give your best and achieve new heights in your life.

"Never Give Up, Stay Focused, Stay Positive...and LET YOUR LIGHT SHINE"

STUDENTS TALK

P. S. Prithika

XI

I am P. S. Prithika from class XI Std. I love my school very much. The things I love about my school are good teachers and the playful environment in my school makes my school the best. My school has best and biggest playground.

The teachers are so good and co-operative that the children do not feel difficult in any subject. The teachers who make the lessons interesting and really make you want to work hard. The morning assembly which gives a good start to our day. The management and workers in the front office really work hard. We have small Vinayagar temple in our school which adds beauty to our school. My school Principal is so kind and honest that we can easily talk to him and we never hesitate if we have to discuss something. My Classmates are also very kind hearted we all help each other to solve problems and finally the custodian who keep our school clean and tighty.

V. Janani

XI - B

My name is V. Janani from class XI-B, studying in Vidhya Nikethan Intel Public School. I am very lucky and proud to be a student of this school. Each and every day teachers impress us with their adorable and excellent teaching skills. Our principal gave us a lot of freedom in the school campus. We have a brilliant management that helps us to move in a right direction. Apart from freedom our teachers and principal never let us to go in a wrong direction. They pamper us every time. Not only studies, but our management also concentrates on our mental happiness. Our staff makes us to understand and love the subject. Each and every staff has a different and unique method of teaching. Apart from studies and others, we are feeling safe in the school campus. The expectations of our parents were also the same that their child should fee; safe and comfort in the campus. Our teachers and principal made it happen and they are very conscious in our safety. For all the things they have done to us with care and love, we will surely honor them with respect.

C. R. Divya Tharshini

XI

I am C.R. Divya Tharshini from class XI. I am studying in Vidhya Nikethan Intel Public School for about 5 years. I have chosen this school without knowledge but I have learnt many things from this school. The school aims to provide good knowledge and peace of mind. Also discovering many extracurricular activities of students to achieve more in future. Highly educated teachers with practical minded can provide the students with knowledge of present world. Both teaching and non teaching staffs of our school communicate with kind and sometimes turn as your friend and parents when you are in depressed state of mind. Last but not least our principal Mr.A. Maria Kumaran has much experience as a principal in many countries. We have enjoyed the classes of our principal his way of speech has motivates the students to achieve more in future.
